Browser Check

Before logging in, it is highly recommended that you perform a browser check to see if your computer is properly configured to use the Blackboard Learning System.

Pop-up Blockers

The Blackboard Learning System sometimes uses small browser windows to deliver requested content. Some pop-up blockers incorrectly interpret these small windows as pop-ups and block them. If you have installed a pop-up blocker, turn it off while using the Learning System.

Java Security Certificate

After logging in to the Blackboard Learning System, you will be prompted to accept a Java Security Certificate. You must click **Yes** or **Always** to ensure that Learning System functionality using Java will work properly in your browser.

9. Enter your WebCT6 user name and password and click the “Register” button.

The screenshot shows the registration form on the CCBC website. The header includes the CCBC logo and navigation links for 'Entry Page', 'Help', and 'Log In'. The main content area is titled 'Course List' and contains the text 'You are registering for ACCT 102 Tutoring Services'. Below this text are three input fields: 'User Name:', 'Password:', and 'Choose Role:'. The 'Choose Role:' field has a radio button selected next to the word 'Student'. At the bottom of the form are two buttons: 'Register' and 'Cancel'. The 'Register' button is circled in red.

10. Once the confirmation message has been displayed, click the “Go to My WebCTBB” button. The SSC Online Tutoring section should be listed under your WebCT6 profile.

The screenshot shows the confirmation message on the CCBC website. The header is the same as in the previous screenshot. The main content area is titled 'Course List' and contains a yellow message box with a checkmark icon and the text 'You have been registered for ACCT 102 as Student.'. Below the message box are two buttons: 'Return to Course List' and 'Go to MyWebCTBB'. The 'Go to MyWebCTBB' button is circled in red.
